

*The Magnificent Moon Hare*  
*Year 3W*  
*Autumn 1*

Our work this half term will be focused on all areas linked to our book of choice – *The Magnificent Moon Hare*! It is a very exciting, funny and adventurous story all about a hare that comes from the moon! There are many topic areas that link in with the book very nicely. Here are a few of them: story writing, letters, instructions, castles, mazes, animals, maps, dragons and the moon.

We are all very excited about the book and look forward to finding out what happens next as we read the story together. Due to the fact that the work is more fun when it is a surprise and when we are all at the same point in the story please don't read the book too quickly at home as it may spoil our surprises 😊 Thank you.

**Our homework task** this term involves creating an **interesting and creative project** based on a book of your choice. Think about which book you really love and would enjoy sharing with us, then think about how you want to share it. Do you want to create a review of the book? Or maybe you want to draw/make the characters and create fact files for them? Would you like to create an additional chapter? Or present the best bits of the book on a poster? Maybe you are a computer whizz and want to make a PowerPoint? Or create a model for one of the scenes in the story!

It is completely up to you. Just make sure you choose something that you will enjoy doing 😊

**Homework is due in on the last Monday of this half term (October 16<sup>th</sup> 2017)** that way we can share them all with plenty of time.

I will let you know a date for our Parent Topic Share afternoon later this half term.

Many thanks,  
Mrs Wilson & the Year 3W team.
